# INDIANS PRESENT TAFT WITH GIFTS

ENTERTAINED BY THEM IN NEW MEXICO TOWNSHIP.

The President Addressed Them Assuring Them of the Good Will of

the Government.

ALBUQUERQUE, N. M., Oct. 16 .-President Taft had another day of travel through the far Southwest yesterday, traveling the long reaches of the territory of New Mexico.

At LaGuana, a township made up entirely of Indians, the President was met by a local committee of Indians and there he had one of the most unique entertainments of his trip.

As he sat in a little canopled stand in the plaza enclosed with adobe huts and walls, the President was showered with presents. There were blankets of gaudy color, Indian beads and other offerings which the red men had fashioned in his honor. This plaza itself, the walls and terraced roofs of the abode houses, were lined with Indians, the squaws being attired in fantastic costumes which showed all the brighter under the glare of an unclouded sun.

In a little speech spoken slowly and with emphasis on each syllable in order that all who spoke English at at all might understand, the President assured the Indians of the good will of the Government and urged them; to be good farmers and good artisans. He was warmly applauded and every Indian wanted to shake his hand.

BIG CIRCUS AT JACKSONVILLE.

Barnum and Bailey to Exhibit There

on Friday, November 5th. The Barnum and Bailey greatest show on earth is to visit Jacksonville on Friday, November 5th. Never since the beginning of time has an amusement enterprise so tremendous in size been organized as this one. Its magnitude is almost beyond belief. All America, together with every for eign country, has been scoured from end to end by the agents of this big show in search of novelties, and the result is a performance brim full of sensational acts new to the circus world. In the big Barnum and Bailey show are nearly 400 arenic stars, most of whom are seen now for the first time. A new sensation will be seen at every performance in "Jupiter, the baloon horse." This remarkable animal with its fearless rider ascends to the dome of the circus tent in a baloon and descends to the ground in a shower of fireworks. Nearly 1,000 animal wonders are to be found in the big 108-cage menagerie. Eight herds of elephants, including one herd that actually plays upon musical instruments in time and tune. A group of giant giraffes, monster trained hippopotamus, only living bi-horned rhinocerous and hundreds of other strange beasts. Barnum & Bailey's big, new, free street parade is the most gorgeous processional display ever attempted in the history of circus business. Its tremendous size and wonderful length can only be believed in the actual seeing. It is natural to expect this big circus to lead all others in quality and quantity of its street spectacles as well as in other departments of the big. show, yet never in its splendid his tory of nearly half a century has it displayed such extravagance as is shown this year.

# Wilson Co's. Opening.

The Wilson Company, the new big dry goods store for Gainesville, have an enlarged space in today's paper in which they announce the opening of their ladies' ready-to-wear department, also the millinery department, all of which are to be thrown open for your inspection on next Wednes day and Thursday, Oct. 20 and 21.

They have been delayed some in this opening owing to the non-arrival of a great many of their goods, besides the carpenters have been busy making the necessary alterations for this mammoth stock that will be shown for your inspection. Read what they have to say and make an investigation.

SOME RANDOM THOUGHTS.

(By T. C. Merchant.)

There is one country against which the fates seem to have conspired, and that is Ireland. Mother Nature seems to have been rather stingy in her gifts, inasmuch as the country's re- Affred D. Richardson sources are very meagre. Comparatively little water-power is afforded by her rivers and the harbors are for the most part situated in the wrong places. England, too, has always lorded it over the Emerald Isle, and it is stating the case mildly when we say that she certainly has not followed the Golden Rule in her treatment of her weaker sister. And yet, for all this, the Irish are a brave and noble people, and, especially when mixed with the Scotch, form some of the finest stock of people to be found anywhere on earth.

There never was a truer statement made than that happiness depends on the person himself, and not on what tales would have us believe. The slavery negro was often happier than This year's "crop" of gray squirrels the master who owned him, and the

DEATH OF MR. SETH R. BROWN.

Occurred at Residence of Daughter in Micanopy Last Week.

Information of the death of the above named gentleman reached this city yesterday. He died at the residence of his daughter, Mrs. Knox, at Micanopy, Wednesday at noon. The remains were brought to Ocala on the 9 o'clock train last night and were taken to the undertaking chapel of Messrs, Melver & MacKay, and will be buried from there at 10 o'clock this morning.

Mr. Brown was one of the ploneer settlers of this county, having a farm in what was then called the Long Swamp settlement, and was living there at the outbreak of the Civil War. - He enlisted and did faithful service as a soldier, and after the war continued farming for several years, but about twenty years ago moved to this city and lived here until his children married off, when he Saturday and is once more a free resided with his son, Mr. James person. PITTSBURG WON.

Adams Won His Third Game of the Series From Scrappy Tigers.

The Pittsburg and Detroit teams clashed yesterday for the seventh and anal game of the world's championship series, the former administering a terrible drubbing to the Tigers. The Pirates outplayed the Tigers both in the field and at bat, playing an errerless game and succeeded in securing ten clean hits. Detroit made six nits, evidently well scattered, as they tailed to score.

Pittsburg put up the same kind of game that characterized their finish in the National League race for the centant, and it clearly shows that he American League is not quite in he same class with the National Fre National League has carried off the world's championship honors for the past three years; Chicago winning twice and Pittsburg once.

Connovan started in to pitch for the Tigers but was derricked in the early part of the game and Mullin substituted, who fared but little beter. Adams and Gibson were the bat ery for Pitteburg.

Adams pitched for the Pirates yesterday, and by winning the game he has made the remarkable record of pitching his team to victory in three successive games against the American League champions. His fine work in the box was a great factor in the series, and he has stamped himself as one of the best in the big States.

The local fans were highly enthused yesterday as they received the returns at the Brown House, and some little money changed hands, and as a result the Pirate followers are cutting the "figure eight" today smoking "Hans Wagner" cigars, while ous "goose-egg" brand of tobacco.

DEATH OF MR. SETH R. BROWN.

Occurred at Residence of Daughter In Micanopy Last Week.

Information of the death of the above named gentleman reached this city yesterday. He died at the residence of his daughter, Mrs. Knox, at Micanopy, Wednesday at noon. The remains were brought to Ocala on the 9 o'clock train last night and were taken to the undertaking chapel of Messrs, Melver & MacKay, and will be buried from there at 10 o'clock this morning.

Mr. Brown was one of the pioneer settlers of this county, baving a farm in what was then called the Long Swamp settlement, and was living there at the outbreak of the Civil War. He enlisted and did faithful service as a soldier, and after the war continued farming for several years, but about twenty years ago moved to this city and lived here until his children married off, when he resided with his son, Mr. James Brown, and a few months ago went to Micanopy on a visit to his daughter, if he intended to again visit that and became too ill to return.

Mr. Brown was over 80 years of age, and lived a peaceable, quiet, upright life. He was the father of Mr. James Brown of this city, Mrs. Knex would engage in some vocation, if of Micanopy, Mrs. Frank Moorehead only at a small salary, of Charleston, S. C., Mr. C. A. PITTSBURG WON.

Adams Won His Third Game of the Series From Scrappy Tigers.

The Pittsburg and Detroit teams clashed yesterday for the seventh and anal game of the world's championship series, the former administering a terrible drubbing to the Tigers. The Pirates outplayed the Tigers both in the field and at bat, playing an erreriess game and succeeded in securing ten clean hits. Detroit made six nits, evidently well scattered, as they failed to score.

Pittsburg put up the same kind of game that characterized their finish in the National League race for the centant, and it clearly shows that he American League is not quite in he same class with the National. The National League has carried off the world's championship honors for the past three years, Chicago winning twice and Pittsburg once.

Connovan started in to pitch for the Tigers but was derricked in the early part of the game and Mullin substituted, who fared but little beter. Adams and Gibson were the bat ery for Pittsburg.

Adams pitched for the Pirates yesterday, and by winning the game he has made the remarkable record of pitching his team to victory in three successive games against the American League champions. His fine work in the box was a great factor in the series, and he has stamped aimself as one of the best in the big States. leagues.

The local fans were highly enthused yesterday as they received the returns at the Brown House, and some little money changed hands, and as a result the Pirate followers are cutting the "figure eight" today smoking "Hans Wagner" cigars, while those who pulled for the Tigers are smoking their Cobbs, using the famous "goose-egg" brand of tobacco.

WILL DESTROY TREES.

Atlantic Coast Line Takes Important Steps for State.

The Atlantic Coast Line, acting under instructions from the Agricultural Department, has advised all of their track foremen to cut away all chinaberry trees in this territory.

It has been fully decided in a lengthy circular recently issued that the chinaberry tree was the most fruitful source for the propogation of the white fly which is now infesting this State and which yearly costs this country many thousands of dollars in the matter of laying their eggs upon the orange and other fruit. When once blighted with the disease it spreads to an entire grove, and the value of the fruit is just about one

The Coast Line officials were prompt. in taking up the matter and are to be commended for their action in destroying these trees that are proving a destruction to the orange interests of the State.
